

VIOHALCO

# VIOHALCO

Viohalco S.A. is the Belgium-based holding company of leading metal processing companies across Europe. Viohalco is listed on Euronext Brussels (VIO) and the Athens Stock Exchange (BIO).

Viohalco's subsidiaries specialise in the manufacture of aluminium, copper, cables, steel and steel pipes products, with a focus on technological advancement.

Viohalco companies generate a consolidated **annual revenue of EUR 6.6 billion (2024)** and have main production facilities in Greece, Bulgaria, Romania, North Macedonia, the United Kingdom.

Viohalco's portfolio includes a segment dedicated to R&D and technology, focusing on product innovation, industrial research, engineering applications, business application services and automation.

Viohalco is also active in the real estate sector, through a Real Estate Investment Company (REIC) that creates value by actively managing its high-quality property portfolio and developing its captive project pipeline.

Products distributed in

## MARKETS

### Diversified portfolio of businesses serving dynamic markets

Viohalco companies are committed to sustainable manufacturing of high-quality, innovative products and solutions for dynamic and promising markets such as: packaging, transportation (automotive, shipbuilding and rail), building and construction, energy networks (offshore energy, utilities and power grids, renewable energy, gas and liquid fuels), HVAC&R (heating, ventilation, air conditioning and refrigeration), water supply, telecommunications, printing, defence and various industrial applications.

# LEVERAGING SUSTAINABILITY MEGATRENDS

Across all segments, the companies offer products and services that closely align with global sustainability megatrends. This reflects their ability to meet the evolving needs of customers and their drive to operate sustainably.

Viohalco companies' products and solutions cater directly to global megatrends.

Transition to net zero

Circular economy

Urbanization

Technological advancements

## A wide range of products and solutions

Viohalco companies offer a wide range of products and solutions to customers operating in diverse and demanding markets across the globe. They offer sustainable and cost-effective products in a range of dimensions, cross-sections, metals and alloys.

## Reliable solutions

Top priority for Viohalco companies is to provide reliable products and services and consistently meet and exceed customer expectations. Customer experience is monitored and each company works hard to constantly optimise it.

## World class quality

Viohalco companies are committed to delivering products and services of the highest quality.

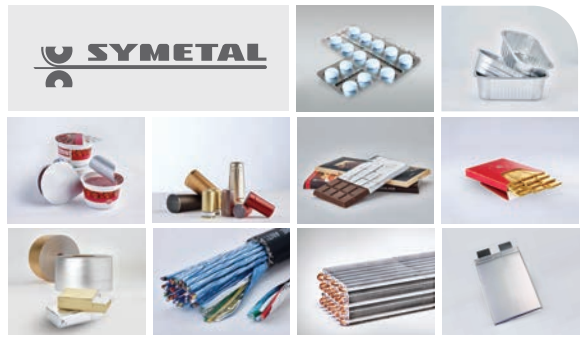

## Al ALUMINIUM

Sustainable and high value-added flat rolled aluminium products and solutions for dynamic markets:

- Packaging (beverages and food)
- Automotive and transportation (sea, road and rail)
- Building and construction
- HVAC&R
- Defence
- Energy and power networks
- Consumer goods
- Industrial applications

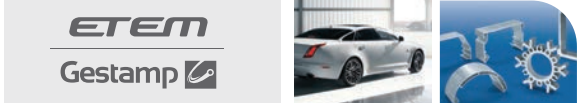

www.elval.com info@elval.com

Aluminium foil and aluminium-based packaging materials for the following applications:

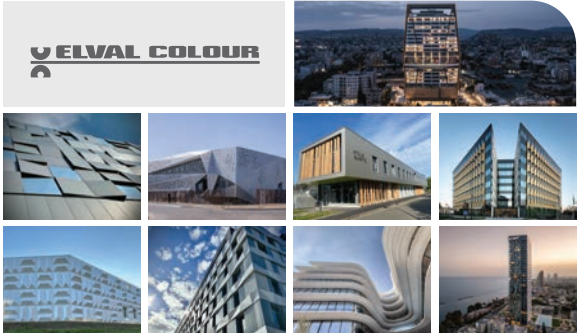

- Flexible packaging for food, pharma and tobacco
- Semi-rigid food containers
- Cable wraps
- Tea lights
- Heat exchange equipment
- Technical applications
- Household use
- Hair care
- Li-ion batteries

www.symetal.gr info@symetal.gr

Profiles for industrial application in the transportation, automotive, shipbuilding, electronic and photovoltaic industries

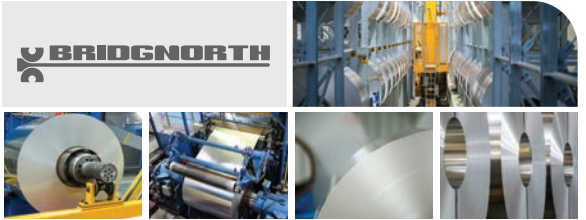

www.etemgestamp.com

A complete range of products in coated aluminium and solutions for building envelope applications:

- etalbond® aluminium composite panels for façades and digital printing
- Elval ENF™ solid coated aluminium sheets for façades
- orofe® pre-painted aluminium coils and sheets for roofing applications
- Ydoral® pre-painted aluminium for rain gutters
- agraphon® and arypon® functional coating systems
- Elval EZ™ false ceiling system
- Coated aluminium strips for flashings and rolling shutters

www.elval-colour.com ecs@elval-colour.com

- Rolled aluminium products
- Litho coils for the offset printing industry including computer-to-plate applications
- Foilstock
- Packaging feedstock
- Aluminium products for transformer windings
- Automotive heat and sound absorbing material

www.bridgnorthaluminium.co.uk sales@bridgnorthaluminium.co.uk

Aluminium rolling shutters, insect screens and vertical shading systems for housing and professional applications:

- Rolling shutters and boxes with and without polyurethane foam
- Pleated and classical insect screens for doors and windows
- Pergolas and vertical shading systems
- Octagonal galvanized axis and rolling shutter accessories
- Becker tubular motors and automations

www.viomal.com info@viomal.com

## Cu COPPER

Copper tubes with or without plastic coating or insulation for:

- Water supply and heating networks
- Underfloor heating - cooling
- Air conditioning
- Heat pumps
- Refrigeration
- Solar energy and geothermy
- Natural and medical gas distribution networks
- Other architectural and industrial applications

Extruded copper alloy products:

- Rods • Tubes • Sections • Wires

www.halcor.com info@halcor.com

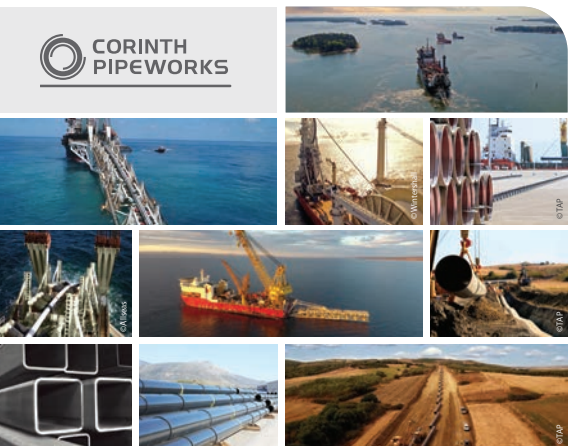

Rolled and extruded copper, copper alloys and high performance alloys, used in a diverse range of applications like, automotive, energy, industrial and construction:

- Sheets
- Strips
- HDT strips
- Plates
- Disks
- Rods
- Profiles
- Components
- Wires
- Bare and plated copper bus bars

www.sofiamed.com info@sofiamed.com

## STEEL PIPES

Corinth Pipeworks is one of the world's leading manufacturers of steel pipes and hollow sections for the energy and construction sectors.

- Steel pipes for the transportation of gas and liquid fuel, hydrogen, CO<sub>2</sub> and hollow sections, for the energy and construction sectors
- All welded pipes production methods (LSAW, ERW/HFI, HSAW) with outside diameter from 8"-100", wall thickness up to 40mm, steel grades up to X80 and pipe length up to 24.4m
- External coating (3LPE/3LPP/FBE/CWC), internal coating with liquid epoxy, pipe length up to 24m
- Hollow sections up to 500x500x20mm, 600x400x20mm and 660x25mm with steel grade up to S460MH

www.cpw.gr info@cpw.gr

## Cu COPPER

High quality coin blanks in a wide range of colours and material circles and cups:

- Monochrome coin blanks
- Outer rings for bi-colour coin blanks
- Inner blanks for bi-colour coin blanks
- Assembled bi-colour coin blanks
- Electroplated bi-colour coin blanks
- Circles for cymbals, boilers and decorative applications
- Case cups and bullet cups

www.epirusmetalworks.com info@epirusmetalworks.com

## CABLES

### Energy transmission, distribution and renewables

Hellenic Cables offers a wide range of high and extra high voltage submarine and land cables, overhead conductors and turnkey installation services:

- Power cables: LV, MV, HV and EHV
- Submarine and land
- XLPE, EPR insulated
- Composite power and FO

### Turnkey services (onshore and offshore)

- Route survey
- Design and engineering
- Manufacturing
- Installation
- Project management
- Commissioning
- Training and technical support

### Telecom and data transmission

Wide range of telecom and data transmission cables produced in Greece and Romania:

- Submarine optical fibre cables for repeaterless applications
- Telecom network cables
- Optical fibre cables applications

### Construction and industrial

Variety of cables for a wide range of industrial applications, such as:

- Signalling and control
- Wind and solar
- High temp, low sag, flame retardant, mining

[www.hellenic-cables.com](http://www.hellenic-cables.com) [info@hellenic-cables.com](mailto:info@hellenic-cables.com)

## TITANIUM ZINC

### Rolled titanium zinc products for façades, roofs and rainwater drainage systems:

- Coils
  - Strips
  - Sheets
  - Accessories
- in colours such as pre-weathered grey, black, red, green and blue

[www.nedzink.com](http://www.nedzink.com) [info@nedzink.com](mailto:info@nedzink.com)

## Fe STEEL

Steel segment companies offer a broad range of value added products and solutions for building and construction, mechanical engineering, energy, shipbuilding, road and rail, the automotive industry, and mining and tunneling applications. The product family is structured as follows:

- SD concrete reinforcing steel (bars and coils)\*
- Wire rod\*
- Merchant bars
- SD spooled coils\*
- SD stirrup reinforcing mesh\*
- Sidefit special mesh\*
- SD wire mesh\*
- Sidefor and Sidefor Plus prefabricated stirrup cages\*
- Welding electrodes
- Copper-plated wires
- Galvanized wires
- Casted billets
- Galvanized steel wire armoring for power cables including, submarine power cables (round and flat wire)
- Galvanized mesh in rolls and sheets and gabions
- Black hard and annealed and bright wires
- Inomix concrete reinforcing steel fibres

[www.sidenor.gr](http://www.sidenor.gr) [info@sidenor.gr](mailto:info@sidenor.gr)

- Hot rolled quarto plates\*
- Special bar quality steels (SBQ)\*
- SD concrete reinforcing steel\*
- Steel balls\*
- Continuous cast semi-products (billets, blooms and slabs)
- Welded hollow sections

[www.stomana.bg](http://www.stomana.bg) [info@stomana.bg](mailto:info@stomana.bg)

- Merchant bars
- SD concrete reinforcing steel
- Double-twist hexagonal mesh (serasanetti)
- Wire mesh
- Galvanized mesh in rolls and sheets
- Copper coated electrodes

[www.dojransteel.mk](http://www.dojransteel.mk) [info@dojransteel.com](mailto:info@dojransteel.com)

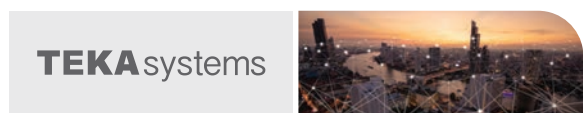

## TECHNOLOGY & R&D

### Metal research centre

- Process metallurgy
- Physical metallurgy and forming
- Metallography and electron optics
- Mechanical testing and manufacturing technology
- Corrosion
- Surface science and coatings
- Analytical chemistry
- Numerical modeling
- Sustainability
- Hydrometallurgy
- Manufacturing Systems and Automation

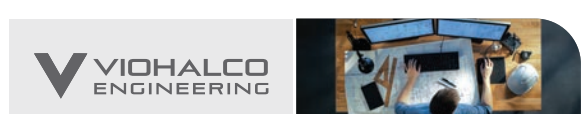

[www.elkeme.gr](http://www.elkeme.gr) [info@elkeme.gr](mailto:info@elkeme.gr)

### TEKA systems

Teka Systems - Business Solutions: Design, implement and support large-scale SAP projects. Teka Systems is a certified partner of SAP, ServiceNow, Salesforce, Opentext and Microsoft. Offers innovative solutions assisting companies' growth, optimization and expansion to take advantage of all the benefits of digital transformation.

[www.tekasystems.com](http://www.tekasystems.com) [info@tekasystems.com](mailto:info@tekasystems.com)

### VIOHALCO ENGINEERING

Viohalco Engineering, with extensive experience of highly demanding projects regarding design, engineering and construction for the steel, aluminium, copper, power and telecommunication cables industries. Further specializes in installation and commissioning of industrial equipment and process automation through the integration of new technologies into projects, as well as in energy saving solutions and safety-zero access systems.

## CORPORATE SERVICES

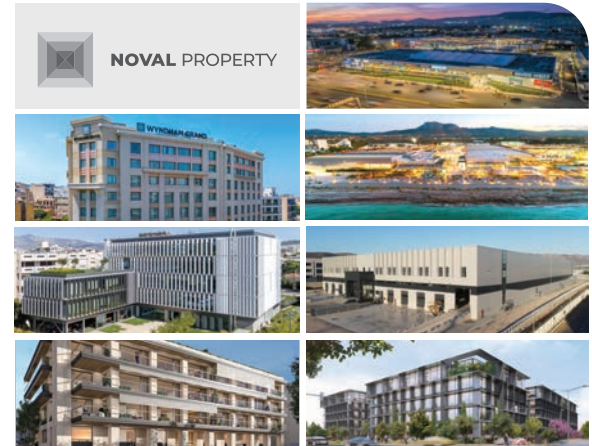

### Steelmet Corporate Services provides services to Viohalco companies such as:

Sustainability, human resources, information technology and security, strategic planning and business development, energy management, financial, international business operation, procurement, supply chain and logistics, operational excellence, communication, internal auditing services aiming to support them and drive best practices across all its business segments.

[www.steelmet.gr](http://www.steelmet.gr) [info@steelmet.gr](mailto:info@steelmet.gr)

## REAL ESTATE

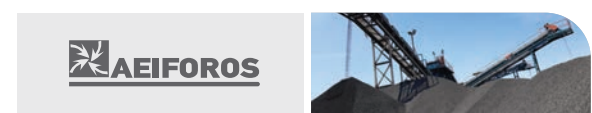

### One of the largest Real Estate Investment Companies (R.E.I.C.) in Greece.

The investment portfolio of Noval Property, comprises 61 properties (one through a participation in a real estate company) located mostly in Greece and selectively in Bulgaria, spanning office buildings, shopping centres, retail parks, logistics, residential, hospitality and industrial assets.

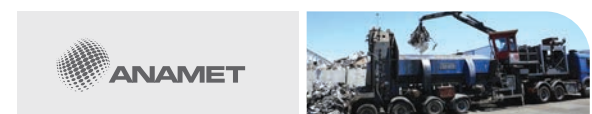

[www.noval-property.com](http://www.noval-property.com) [info@noval-property.com](mailto:info@noval-property.com)

## RESOURCE RECOVERY

- Hard aggregates for road pavements, heavy aggregates for dense concrete mix, aggregates for unbound applications
- Secondary raw materials and alternative fuels for industrial use
- Ferrous and non-ferrous scrap metals for steelworks and smelters
- Integrated management of shredder residues and scrap sorting residues
- Waste management services for the industry including handling and export of hazardous industrial wastes

[www.aeforos.gr](http://www.aeforos.gr) [www.aeforos.bg](http://www.aeforos.bg) [info@aeforos.gr](mailto:info@aeforos.gr)

- Metal scrap, ferrous and non-ferrous for steelworks and smelters
- International wholesale metal purchasing intermediation
- End-of-life vehicles depollution and recycling
- Safe data destruction services
- Industrial facilities demolition projects
